

AN ART EXHIBITION VISIT

I like this exhibition (展覽) very much! The artworks are very beautiful and meaningful. I think the most beautiful artwork is Luo Zaibin's 'Melt'. A penguin meets a polar bear on the ice because the world is getting warmer.

Cheung Hiu Ki (6B)

I think I can try different ideas to create artworks after visiting the exhibition. I can use many different kinds of materials in the future. I love the two metal penguins created by Miss Chan.
